Career Objective

With over 20 years in a leadership/management role, I want to utilize my team building skills to obtain a challenging management position where I can help make my organization successful and assure that our solutions align with corporate strategies.

Work Experience

Progressive Programming Inc., 319 Yard Dr, Verona, WI 53593

Application Development Manager, 06/17 – 8/17

- Short engagement to fill in for the previous Development Manager who left the organization.
- Worked to improve the morale of the team (10 members).
- Worked to establish standardization of requirements documentation, coding practices, quality/testing processes and release management procedures.

Orchestrate Healthcare, 225 Main St, Carbondale, CO 81623

Project Manager, 04/17 – 05/17

- Short engagement as a Project Manager to assist with the integration of reference lab results from Central Iowa Healthcare (a Unity Point Health hospital) to Allen Memorial Hospital in Waterloo.
- Took part in the discovery of how current processes work, what HL7 data flowed from the CIH McKesson Paragon system to the reference lab, and what changes/challenges might be ahead regarding the utilization of the Corepoint EDI engine.
- Worked with Unity Point Pekin Hospital IT personnel who were also consulting on this short and very fast-moving project.

POINTcore, 9600 N Franciscan Drive, Peoria IL 61615

Regional Account Executive/Director, 02/16 – 04/16

- Managed all IT needs of customers (hospitals, clinics, etc.), defined opportunities for improvement and then implemented solutions utilizing OSF IT resources.
- Made recommendations to senior management and IT Steering committee for ways to reduce costs, reduce risks, improve efficiencies, and maintain compliance with HIPAA, Meaningful Use, and other IT best practices.

Sentinel Technologies, 3130 Chatham Road, Suite D, Springfield IL 62704

Advanced Project Manager, 10/15 – 02/16

- Managed projects for customers implementing technologies such as Unified Communications, Data Center, Cloud Technologies, Video/Conferencing Collaboration, and Managed Services.
- Coordinated efforts of customers and Sentinel technicians to ensure projects were on time and under budget.

Advanced Technology Services, 8201 N University, Peoria IL 61615

Application Development Manager, 03/14 – 3/15

- Managed a 13-member development team (and 1 contract person) responsible for developing enterprise-wide applications, including new UX for equipment maintenance system (SAP).
- Narrowed "technology spread", established a re-usable development framework, refined QA processes, and implemented an Agile-SCRUM methodology.

Pekin Hospital, 600 S. 13th Street, Pekin IL 61554
IT Director, 07/08 – 12/13

- Managed 14-member IT team supporting all computer/communications/networking technologies throughout the hospital and physician offices.
- Achieved Meaningful Use compliance resulting in millions of dollars from the government.
- Completely replaced all IT/telephony technologies (servers, PCs, entire data center, wireless, networking, backup/disaster recovery) and virtualized 75% of the servers and 200 desktops.

G&D Integrated, 50 Commerce Drive, Morton IL 61550
Development Manager, 02/01 – 07/08

- Development Manager – Managed the team that wrote enterprise-wide Vendor Managed Inventory system utilizing web-based .NET code, web services, handheld scanners, and Microsoft BizTalk (ANSI X12 & XML). Parts receiving/locations/shipping reported to 70+ customers via Business Objects XI and back-end EDI transactions that completely automated invoicing.

Morton Welding Co., Inc., 70 Commerce Drive, Morton IL 61550
Systems Manager, 10/97 – 02/01

- Managed all IT/telephony systems including those that communicated with tube and sheet metal fabrication, laser cutting, and machining equipment.
- Automation and integration successes enabled us to improve efficiencies, reduce costs, and gain recognition from customers like Caterpillar and Komatsu for our quality and timeliness.

OSF Saint Francis, Inc., 4541 N. Prospect, Peoria Heights IL 61614
Project Manager / Application Development Specialist / Programmer, 11/94 – 10/97

- Managed Home Care MIS staff and OSF Home Care Services Division projects.
- Supported all IT needs from OSF Home Care businesses:
 - Home Care Management & Consulting, Franciscan Home Therapeutics (infusion therapy), Alterna-Care Nursing Services (Hospice), Franciscan Medical Equipment (DME), Medi-Park Pharmacy, and Eastland Pharmacy.
 - Coordinated the creation of RFIs and RFPs for new system selections as well as advising business managers as to the strength/weaknesses of the various IT systems.

Education (University Degrees)

Illinois State University, Normal IL 61761

B.S. in Applied Computer Science (minor in Speech Communication), 01/86 - 12/88, GPA 3.34 / 4.00

Illinois Central College, East Peoria IL 61635

Associate in Arts and Science Degree, 08/83 - 05/85, GPA 2.75 / 4.00
